## Another Week of this Mammoth Cut-Price Furniture Sale

Great crowds attended the opening of this sale last week. Our Annual Cut-Price Furniture Sale, including all of the latest patterns in furniture for every purpose, is the most extensive sale of the year, and we have endeavored to make this the greatest sale in our history. Prices are lower now at this store than they are anywhere in Washington, or are likely to be for a year, and the same high quality upon which our reputation is built, prevails throughout the entire store.

Look for the large, plainly-marked cut-price tags on every article. A comparison of these with our regular price tags, which are allowed to remain, shows at a glance the values we are offering. Save money by providing for present or future needs during this sale. If desired, we will hold any articles selected now for future delivery with no extra charges. We would be glad to open an account with you, and you can pay us later, as is most convenient.
